

Tool 6.c Secondary parents and carers post program survey

Staff Notes

The purpose of this tool is to engage with parents and give them an opportunity to share their feedback about your relationships and sexuality education program. You can use this information to help deal with any issues or concerns and to help in the planning of your program for the next year. This tool can be edited to suit your needs or transcribed into an online survey format.

Dear Parents and Carers,

As you are aware, we have implemented a whole school relationships and sexuality education program this year. We are reviewing the program and, as we are partners in teaching relationships and sexuality education, we would appreciate your views on the program's success. Please fill in the following questionnaire and return it to the school by [insert DD/MM/YYYY].

How many children do you have at the school and what year levels are they in?

Year level	Number of students	Year level	Number of students	Year level	Number of students
Year 7		Year 9		Year 11	
Year 8		Year 10		Year 12	

1. Describe your impression of your child/children's experience of the recent Relationships & Sexuality Education Program.

2. Are there any topics that were not covered in your child/children's program this year that you would like to see included next year? Please specify.

3. Are there any other ways that the school could further support you and your family with regard to Relationships and Sexuality Education?

Thank you for completing this survey.
